

Dr. Saif Al Hadi

people with almost daily needed services.

Honourable Shaikh Zaher bin Abdullah Al Abri, member of the State Council greeted Royal Oman Police for these achievements, for bringing badly needed services to people within their vicinity.

Dr. Jack said that these stations provide integrate set of security and other services. "I am impressed by the design, the sections and the modern equipment that provide for the future needs

Joseph Azer said

in a constantly developing environment."

Dr. Fadhil said that these stations have solved problems for the people, who in the past had to travel long distances and visit many places to have transactions completed. However, now one can have more than one transaction completed in a nearby one place and in a short time.

Aleshka said that within its present plan Royal Oman Police expanded many facilities for the civil defence,

ambulance, traffic, vehicle inspection and licensing, and civil status. Royal Oman Police was among the first government organizations to develop e-government system. It provided very quickly digital service to the public and therefore won an award for that.

Joseph Azer said that Royal Oman Police is always pioneer in the provision of services and the introduction of technology. He wished that the other government organizations follow this example.

ROP Service Stations: Multi-services at One-stop Station

The recently established Royal Oman Police services centres are unprecedented steps to provide facilities to the public to have their transactions in relation to traffic, civil status, passports and residence promptly processed and completed at one place and within their vicinity.

The centers, which are equipped with advanced facilities to cater for all transactions. They reflect Royal Oman Police future vision as they are designed to provide for the future needs of an expanding population.

At the civil status section Omani identity cards can be obtain new and renewed for citizens, and residence cards issued and renewed for expatriates. The public in general, Omanis and non-Omanis can get birth and death certificates. The section also receives reports on losses of any of these documents.

The Passports and Residence section provides all the services in relation to Omani passports, and visas, residence permits for expatriates of all categories.

At the traffic section the

driver licences of all categories as well as the instructor, learner and vehicle licences are issued and renewed. Roadworthiness inspections are also carried out electronically in this section.

In statements to Al Ain Assahirah some citizens and expatriates expressed their quite satisfaction of the ROP services stations established in different places of the country.

Dr. Saif Al Hadi said that he was very proud of the establishment in short time of these high standard facilities to provide necessary

POLICE SERVICES BUILDING OPENED IN MASSIRA

Within the Royal Oman Police plan to provide police services in different parts of Oman a service building was opened in Massira Island on March 21st, 2016.
